Jennifer's such a doll!

Everyone knows newlyweds can't bear to be apart, so when cheeky host Ellen DeGeneres gifted Mr Jennifer Aniston, aka Justin Theroux, with a mannequin of his lady love to take with him on the road, he was chuffed! "It looks like her. The resemblance is unbelievable – the blouse and everything" he giggled, while running "Jen's" plastic hands through his hair. Hot and funny – he's a catch, Jen!

NW HQ is a racket of squeals and laughter as the NW-ettes perve on the topless *Bachelorette* stars (see our pull-out poster, page 46), "ooh" over the latest celebrity shockers (see surgery disasters, page 30) and debate the big issues like, ahem, Bieber's penis.

However, there was a dark cloud over the office this week as we watched with genuine sadness as the Lamar Odom tragedy unfolded before us.

Like you, we've followed Khloe and Lamar's love story for years.

And say what you want about the Kardashians, their show or Lamar's struggles – through thick and thin, Khloe's commitment to her husband has always been really touching.

At press time, Lamar was still fighting, with the support of loved ones around him.

We hope for the best.

"I will never, ever not love Lamar," Khloe said recently. "He was my husband, and I still wish he was."

Khloe's tears 'I just c save

The star is left devastated as she faces life without her true love

Surrounded by beeping machines, as she tenderly stroked her estranged husband's lifeless hand, a distraught Khloe Kardashian kept a tearful vigil beside Lamar Odom's hospital bed last week. Hours earlier, the fallen NBA star – who Khloe once described as "one of the best people I've ever met" – was rushed to a Las Vegas hospital following a drug overdose at a Nevada brothel, which left him in a coma and fighting for his life.

In fact, no-one could have foreseen that Lamar's solo night out at the remote Pahrump venue, 128km from Las Vegas, would turn into a deadly four-day, drug-fuelled bender.

A bender that would soon change Khloe and Lamar's worlds forever.

How it all began

"Lamar arrived Saturday night. We picked him up at his place in Las Vegas. Brought him out there. Great mood. Ready to have a good time," said Dennis Hof, owner of the Love Ranch brothel where Lamar was found.

TRAGIC LOVE

It was love at first sight for Khloe and Lamar, who wed in 2009 just four weeks after meeting. Despite a promising start, Lamar's demons proved bigger than their love for each other, and they separated four years later. Even though this fairytale didn't get its happy ending, there has only ever been one man for Khloe. "I love Lamar to death. He is the love of my life," she said in August. "We had a fantastic marriage. Do I wish he had tried harder? Yes. Do I think that he maybe didn't have the energy to fight because he was fighting so many other things? Yeah."

rs for Lamar couldn't e him'

"He just wanted a little peace and quiet and get away from the pressures of his life."

But after an initial high and a few stiff drinks, the 35-year-old's mood took a turn for the worse.

It's believed Lam was showing anyone who would listen photos of Khloe and that he would sporadically burst into tears, admitting he was a broken man.

Despite insistences from Dennis that he hadn't seen Lamar do any illegal drugs on the property, several girls saw him doing "a small amount of cocaine" on the Saturday night and witnessed him popping around 10 herbal Viagra pills.

The strong supplements – provided by Dennis – were washed down with a bottle of cognac Lamar had ordered.

Alarming, other reports suggest he had needle marks on his arm.

The following day Lam's mood darkened further after he received a mysterious phone call.

According to an early TMZ report, the call was in relation to an episode of *Keeping Up With The*

Kardashians that aired earlier that day. In the episode, Khloe was shown taking two calls from Lamar and was accused of "flirting" by her worried sister Kim.

Sources say Lamar was angry at how he had been portrayed.

"[Lamar] did get a phone call on Sunday that upset him a little bit, but I don't know what that was about,"

Dennis confirms.

Whatever the case, it was certainly enough to tip Lamar over the edge.

Khloe is
inconsolable

Utter despair

Sources say Khloe is beside herself and is having "guilt issues... She thought her love could save him from himself".

Brothel owner Dennis denies any drugs were found in Lamar's room, however the 911 calls tell a different story.

Lamar collapses

After leaving him at 6am last Tuesday to sleep off another wild night, Love Ranch employees Ryder Cherry and Monica Monroe called by later that day, only to find poor Lamar lying unconscious in his suite, with froth and blood coming from his mouth.

One of two frantic 911 calls from a worker revealed how Lamar had "a white substance" on his face and had been doing cocaine.

When medics arrived, it was already too late. Unable to breathe on his own, Lamar was intubated and rushed to local hospital Desert View, before eventually being transported to Sunrise Hospital & Medical

Distraught family members Kim, Kris and Lamar's father Joe were seen outside the Sunrise Hospital & Medical Center in Las Vegas where they desperately awaited news of Lamar's condition.

"It's very common for celebrities to come in and drop out," says owner Dennis. "We've had big rock bands come in and stay for a month at a time." Dennis says Lamar – who dropped \$103,000 on the four-day bender – "spent time socialising with some of my girls", but "largely kept to himself".

Center in Las Vegas.

After several suspected strokes – which are commonly associated with cocaine overdoses – and with swelling on the brain and his heart and kidneys failing, the prognosis was grave.

In fact, Lamar was given a mere 50 per cent chance of survival. Hardly surprising, given "every drug imaginable" was said to have been found in his system.

A family united

Apart from the death of her father Robert Kardashian, hearing that her darling Lamar's

life was hanging in the balance must have been the hardest moment Khloe, 31, has ever faced. Within hours she and her supportive family dropped everything to be by his side.

Despite their initial reservations about Khloe's continued contact with Lamar following their 2013 split, Kris and Kim joined KoKo on the journey from LA to the Las Vegas hospital.

They were followed by her devastated sisters Kourtney, Kylie and Kendall.

Hours later, Khloe is then believed to have flown in Lamar's dad Joe, his ex Liza Morales and their children

Destiny, 17, and Lamar Jr, 13, to join her bedside vigil.

Adding to KoKo's grief, recent reports that her divorce hasn't yet been finalised means the distraught star is shouldering the harrowing task of making all of Lamar's medical decisions.

His troubled past

Tragedy has followed Lamar his whole life. Estranged from his heroin-addict father, Lamar lost his mum Cathy to colon cancer when he was just 12. His only refuge was the sport which would make him famous.

"When my mother died, I went on the court and played basketball all day – I didn't even go in the house to eat. Just played basketball," said Lamar, who was raised by his grandma Mildred. Tragically, she too passed in 2004.

Heartbreak struck again in 2006 when he and Liza lost their six-month-old son Jayden to sudden infant death syndrome.

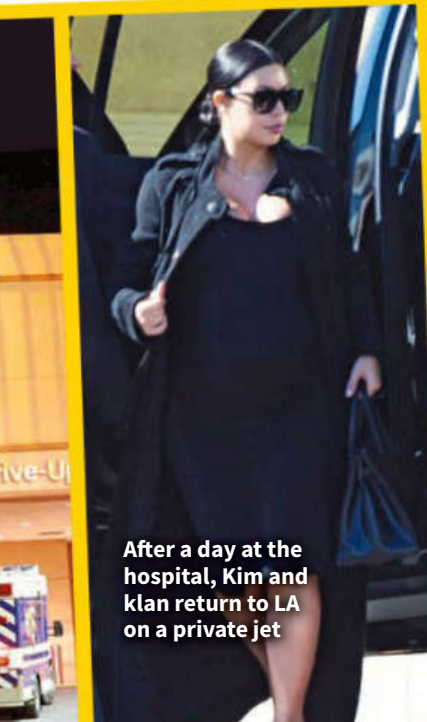

Five years later, on his way to his slain cousin's funeral in New York, Lamar was a passenger in a car accident that killed a 15-year-old boy.

"Death always seems to be around me," he confessed that year. "I've been burying people for a long time."

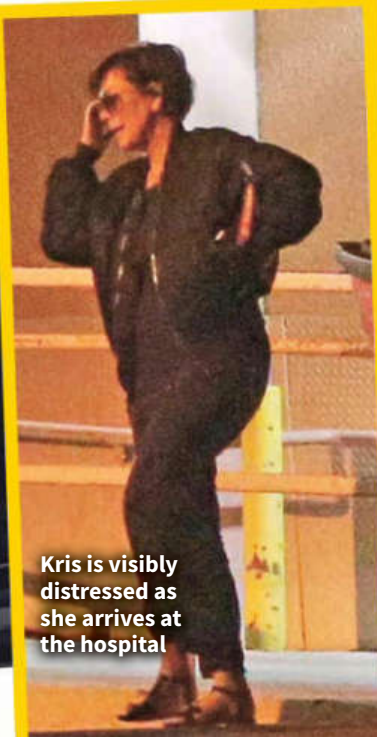

Little did he know in June this year his best friend Jamie and pal Bobby Heyward would both pass away from drug-related deaths.

No wonder Khloe was terrified he would be next.

TIMELINE OF TRAGEDY

SATURDAY, OCTOBER 10

PM: Dennis sends a car to collect Lamar from his Las Vegas home and drives him to the Love Ranch in Pahrump, Nevada, 128km away. In a statement, Dennis says "at no time did [Lamar] engage in any drug use in the presence of anyone in the house".

SUNDAY, OCTOBER 11

Lamar receives a call which Dennis says "kind of bummed him out". He became "irate" and inconsolable afterwards.

MONDAY, OCTOBER 12

PM: Lamar spends the night with Love Ranch girls who leave his room at 6am.

TUESDAY, OCTOBER 13

3pm: Ryder and Monica find Lamar alone and unconscious in his room. It's confirmed to 911 operators that he had used cocaine earlier.

3.34pm: An ambulance arrives and rushes Lamar to Desert View Hospital, where he is intubated.

4.16pm: He's transferred to Sunrise Hospital in a coma, having suffered multiple strokes.

8pm: Khloe, Kim and Kris arrive at the hospital from LA. There's still no improvement.

WEDNESDAY, OCTOBER 14

3pm: Kourtney and Kylie arrive, joined an hour later by Kendall, who ditched Shanghai Fashion Week to be with her sisters. Kim cancels her baby shower in LA.

THURSDAY, OCTOBER 15

There's a "glimmer of hope" when Lam's eyes flutter and he squeezes Khloe's hand. Sadly, medics say it was likely a reflex.

Doomed from the start

Their marriage couldn't have looked more blissful from the outside. Khloe was by Lamar's side at all times, often sitting front row at his basketball games. They even signed on for two endearing seasons of their reality show *Khloe And Lamar*.

But no marriage is perfect, so when reports surfaced in 2013 that her husband had been unfaithful, a defiant Khloe insisted that “divorce is not an option”. While Lamar shot down rumours of a split by gushing, “Khloe is everything I want in a woman. She's strong, opinionated and beautiful.”

Sadly, it wasn't long before the cracks turned into a yawning chasm, and when Lamar's drug use spiralled out of control, Khloe was forced to file for divorce in December 2013.

“There's nothing I can do,” she conceded. “Lamar has to do things in order to change in that aspect, but yeah, if I had my way I'd be married to Lamar in two seconds.”

Indeed, despite having dated rapper French Montana and

more recently NBA star James Harden, Khloe hinted just months ago that she still has a soft spot for her ex.

“I will never, ever not love Lamar,” she said. “I was so obsessed with him in a healthy way. He was my husband, and I still wish he was.”

Ominously, just days before learning of his collapse, while she was at an LA photo shoot, Khloe expressed her concerns.

“I'm really on high alert for Lamar, because anything, I think, will set him to spiral, and that's kind of the last thing I want for him,” she said.

Sadly, KoKo's worst fears have now become a reality. ■

Fond memories

“I miss what we had,” Khloe said in July of her four-year marriage to Lamar.

Scott rushed to rehab

'I don't want to die!'

As his 'brother-in-law' Lamar Odom's life hung in the balance, fellow addict Scott Disick made the decision to save his own by checking himself into the Cliffside Malibu rehab facility. And judging by his increasingly out-of-control behaviour in recent weeks, it's not a moment too soon.

Just days earlier, Scott – who's been battling booze and drug addictions for years – cut a frighteningly frail figure when he stepped out in Calabasas at the tail end of his latest bender, which saw him publicly romping with 18-year old model Lindsay Vreckovnik.

Adding to Scott's resolution to get clean and stay clean – he left a Costa Rica facility just one week into treatment in March – his fed-up babymama Kourtney Kardashian threatened to restrict access to their kids Mason, five, Penelope, three, and Reign, 10 months, if he didn't get help.

Indeed, an insider told one US magazine how Kourt, 36, was recently planning to seek sole custody of their children because "she thinks he is a drunk mess".

Something another of Scott's mistresses – 21-year old model Makayla Yarbrough – confirmed in a recent interview. During their September fling, the leggy blonde was scared for Scott's life!

"It's not uncommon for people in Hollywood [to party], but when he doesn't eat or sleep, it's alarming," she says, describing his LA home as a war zone thanks to the partying.

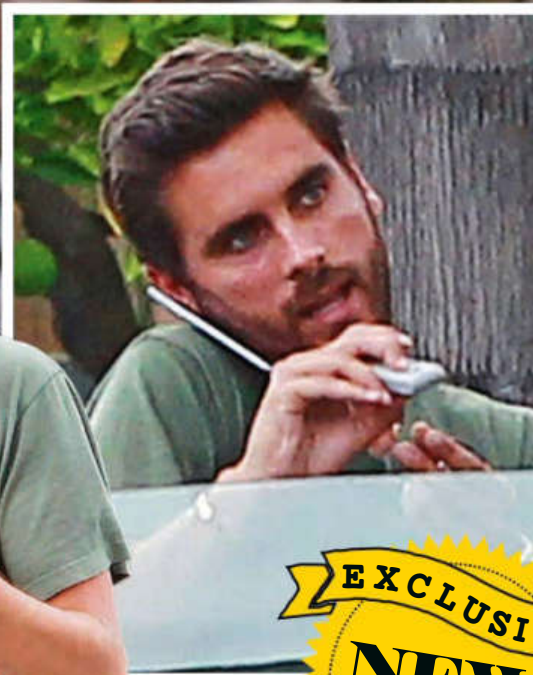

"Door handles were missing, toilets were broken, I wanted to leave and I did."

Given Scott only lasted a week in rehab in March, let's hope – for the sake of his family – he can pull it together this time. ■

Staying positive

Scott's in rehab for the fourth time, but posted this inspirational message.

Jennifer Lawrence became our favourite poster girl for body confidence when she famously declared, "I'd rather look a little chubby on camera and look like a person in real life... I'd never starve myself for a part."

But fast-forward to 2015 and it seems JLaw has turned to magic tricks – judging by the disappearing act she pulled during a night out in New York!

people's attention – it was those xylophone ribs!

"The fact she'd lost a heap of weight was obvious, but the little crop top she was wearing showcased her protruding ribs and tiny tummy," one onlooker tells *NW*. "How she found the strength to lug that dude around is anyone's guess!"

According to insiders, Jen's drastic weight loss was born of her unfounded fear of being fat-shamed in her latest flick *Passengers* – a hotly tipped sci-fi romance with Chris Pratt.

And in desperation, she's reportedly turned to the dangerous new graze-craze diet sweeping Hollywood.

The dodgy diet plan sees followers – who include top

models such as Kendall Jenner, 19 – ditching meals for nine snacks per day.

With a snack being as little as an egg or a cup of blueberries, the diet sees Jen eating far less than her recommended 1500 calories per day.

"The graze diet isn't meant to be about starvation, but these Hollywood girls have added a dangerous twist – that all nine of their meals have to be under 100 calories," says our insider.

"She's been working out several times a day and doing this starvation diet for the past month. She's dropped almost 10 pounds [4.5kg] and she's still not gone back to eating normally." ■

She's always had a body to die for, but the *Love Child* actress's curves were a distant memory when she stepped out in Sydney recently rocking a prominent set of abs and an itty-bitty waist.

The 30-year-old may be slimming down as a result of her new role as the face of Berlei. Jess has admitted that baring her body for the lingerie label "was a little daunting at first". We bet!

Sixpack to the rafters

Jessica's kissed goodbye to her curves.

Kendall Jenner

It's hardly surprising J-Law's been stung by the graze-craze diet, given fellow fan Kendall's been getting a lot of attention for its results!

The model – who's no stranger to downing "12 cups of detox tea a day" in a bid to stay in shape – often flaunts her whittled waist through Instagram snaps, with worried observers noting just how teeny-tiny it is.

Chrissy and John's IVF miracle

It's twins!

Their baby dream's coming true... times two!

It's the celebration the NW-ettes have been waiting for – the world's cutest couple, aka John Legend and his gorgeous wife Chrissy Teigen, are expecting their first baby! BEST. NEWS. EVER!

"John and I are so happy to announce that we are pregnant," Chrissy, 29, posted on Instagram, alongside this adorbs photo of John, 36, with his hand on her tummy. "We're so excited that it's finally happening."

Us, too! But the news could be about to get even better, with speculation among their close circle of pals that the couple – who conceived through IVF – are expecting twins!

"The atmosphere around them right now is electric... they're beyond thrilled!" gushes our Legend insider.

"Everyone's buzzing that [Chrissy's] got twins on board and the chances are pretty good as they've been undergoing treatment.

"What they've been through has definitely increased their desire to have twins... They know there's a chance it might not happen for them again."

Indeed, the model, who's about three months along, only recently shared her struggle.

"John and I are having trouble," Chrissy confessed on her talk show *FABLife* last month, revealing that they were seeing fertility doctors.

But despite the hard times and now the morning sickness – "I am so excited I could barf 4-5 times a day," she tweeted – Chrissy couldn't be happier.

"I have come to realize that at some point in the day, I will order and consume a pizza," she jokes of her cravings, "So it might as well be in the morning." ■

*But did Sam choose
the wrong man?*

Sam Frost was left heartbroken when Blake Garvey proposed on *The Bachelor* last year and then swiftly took it back.

But history looks set to repeat itself, with news Sam herself has popped the Q to her chosen fella in a private moment while in New Zealand for this week's sensational season finale of *The Bachelorette*.

Sam's sister and brothers were flown in especially to witness the touching moment – and now she's planning the wedding of her dreams!

Sam hinted at the news to *NW* weeks ago, saying, "I've told him that I might propose to him... I'm certainly not a traditional woman."

But is she already having doubts about her new fiancé in the months since filming the finale?

"Over the last few weeks it's become apparent that maybe he's not the guy she thought he was," spills an insider.

Now poor Sam can't help wondering if she got it wrong – and the 26-year-old has even started thinking about one of the others in her top three.

"Sam's now terrified she was being too 'safe' and 'picky' and might have let the right one go,"

says our insider. "It's her worst nightmare, especially because this is what Blake did to her."

Indeed, when we caught up with Sam recently, she couldn't stop gushing about her "number three".

"I'm particularly fond of the person who comes third. He's so deserving of love," she said. "I did have a big soft spot for him, I think he should be *The Bachelor* next year."

And after the home visits, Sam signalled that she's not 100 per cent sure about her final guys.

"Two of the boys have really left doubt in my mind," she said, hinting she could have reservations about either Richie, Michael or Sasha.

So what gives? Worryingly, show favourite Richie let slip to *NW* last week that he's back in touch with his ex-girlfriend.

The Perth hottie spilled that a girl he split up with 12 months ago, after four years together, has been dialling his digits.

"Oddly enough, yes," he reveals about his ex being in touch. "I've only had amicable break-ups."

Meanwhile, a fan also spotted the 30-year-old with another woman.

"I saw Richie at the Royal Show in Perth a few days ago with

Then again, could it be her ‘true love’ Sasha, 30, who she’s been rocked by? Their chemistry is undeniable, but is she falling back into patterns of the past, where there’s instant spark that doesn’t go the distance when times get tough?

And then there’s Michael. No-one could blame Sam for falling under his sexy spell. But while the smooth soccer player insists he’s not after the limelight, Sam should wonder why he set up a Facebook fan page for himself weeks before the show aired.

The 34-year-old later deleted the page, after gathering nearly 40,000 Instagram followers with posts of himself posing like a celebrity.

While Michael told us he’s not into that fame “bullshit”, he’s gone on to say that “if [fame] happens it’ll be naturally, I’m not going to push it”.

Hmm, it doesn’t sound like he hates the spotlight that much! ■

Is it just physical with Sasha?

DAVE'S DATING SAMMY J!

He looked totally devo when Bachelorette Sam gave him the boot, before conceding “the heart wants what the heart wants”.

But it looks like Dave Billsborrow’s heart now belongs to another Sam – pop star Samantha Jade, that is!

As our pics show, the pair couldn’t have looked happier as they headed out to breakfast in Sydney last week.

While neither have confirmed they’re officially an item, it’s the second time they’ve been spotted together looking cosy recently.

When quizzed about it, plumber Dave – who was contractually obliged not to divulge his dating situation until his final *Bachelorette* episode aired – said, “Look, I’ve got a different Sam on my mind at the moment.” He then added, “Maybe I’m attracted to [girls called] Sam, hey?”

The 30-year-old has since divulged that he has become “close” to the *Sweet Talk* singer, after meeting through his cousin Jacqui Heeney – who’s one of Samantha’s backing dancers.

Well, it’s about time gorgeous Sammy, 28, got herself a nice fella!

Richie

'I wonder what she sees in me?'

He's blown Sam away with his cute nervous giggle and lust for life, but they live so far apart – could they really make it work?

Sam had to make the move and kiss you on your single date. Does she make you nervous?

I guess there was a bit of insecurity there! And also I wanted to be a gentleman to Sam. I do sometimes wonder what does Sam see in me. It was pretty good that Sam kissed me first. How can you not fall in love with her?

Ooh, was that the L-bomb you just dropped?

I'm the kind of guy that doesn't throw the love word out willy-nilly, but to have a girl like that interested in you is pretty awesome.

Have you thought how things might work out with you based in Perth and Sam in Sydney?

We've talked about it. I'm lucky with my job [as a rope technician] that I can fly out of any town or country so we can live anywhere. If she's in Perth with me and she gets homesick, I'm not going to be the ball and chain around her ankle! Or we can get a place in Sydney until I'm homesick. The main thing is spending time together.

Could you see yourself becoming a dad with Sam any time soon?

I do really want kids but I think a couple should be ready for that and the time needs to be right. I've got a travel bug in me and would love to create some beautiful memories before we're sitting in front of the telly together with kids.

Michael

'I'm scared of getting hurt'

Sam was totally taken with Michael and his welcoming family during the hometown visits. But with her laidback attitude and his penchant for the finer things in life (check out that blingin' Rolex he wears!), do they work as a couple?

With your glitzy soccer career, have you had to work harder than the other guys to prove to Sam that you're genuine?

Maybe a little bit, but I've just tried to be myself so Sam can see I'm not about the glitz and glamour. I'm very down-to-earth and I think I'm a humble guy who likes the simple things in life. I love that Sam has her bogan side – I also like being in my tracksuit pants eating Thai takeaway on the floor!

Is there a lot of pressure to make Sam happy if she picks you, after what happened with her and Blake?

That'd be the challenge. But if Sam was to choose me, that'd be awesome! The worst part would be that it'd be in the public eye. I'd much prefer it to be private and for us to develop our relationship away from the media.

It sounds like you've really fallen for her...

Yes, we've got a special connection. I'm definitely falling for her and I can feel myself going down that path where I could easily fall in love with her – but I'm worried I might get hurt. I do actually really care about her.

And who would you like to win if it isn't you? Richie. He can have fun and is a lovely kind-hearted guy.

With finale week upon us, the boys open their hearts to NW...

Sasha

'I'm so in love with Sam!'

The sizzling chemistry between Sasha and Sam shatters our TV screens, but is there more to this relationship than a burning desire to jump each other's bones?

You guys can't keep your hands off each other, but aside from the physical stuff, how strong are your feelings for Sam? I'm falling in love with her, but to use that word is very big! It's hard to tell someone you love them when they're dating other people, but she's definitely someone I could see myself with on the outside.

You've come across as quite the alpha male and protective over Sam... I'm being portrayed as a little bit jealous, but that's how they make it look. We're all best mates!

Why did you decide to tell her so soon that you'd been engaged before? There's never a right time to bring up that you've been engaged. I just wanted to lay everything on the table. I'll be upfront and honest and if she likes it that's great, that's me.

How do you see your future with Sam? We'll test the waters, move in and travel together and hopefully not kill each other! And then I'll drop a knee! There are two guys still there so I can't get too ahead of myself, but I wouldn't mind a beach wedding.

Aww! But if you don't win, who do you think is in with a good chance? If I had to choose someone? Michael.

Angelina Jolie's seeing green as Brad Pitt gets close to Sienna Miller

If newly single Sienna Miller's harbouring any ideas about sidling up to her new movie boss Brad Pitt, she should think again.

Angelina Jolie is keeping a close eye on the British beauty – and she doesn't trust her one bit!

Ever since Ange caught wind of whispers the flirty 33-year-old actress – who's starring in producer Brad's new movie *The Lost City Of Z* – has designs on

her hubby, Sienna's had a bullseye on her back. And Ange is holding the darts!

"Sienna really gets under [Ange's] skin," a source tells *In Touch* mag.

As one of the world's most beautiful women, Angelina – who has six children with Brad – has learnt to laugh off any talk of an

outsider swooping in to try to snaffle her loyal man.

But since she's turned 40, insecurities have crept in. She's only human, after all!

'HE CAN'T WAIT TO HAVE HER CAST IN ANOTHER MOVIE'

'Woah, woah woah!'

Ange takes on Sienna and

Brad's **call** in the mic

Especially since Brad, 51, can't stop talking about Sienna, who split with Tom Sturridge – the father of her three-year-old daughter Marlowe – in July.

"She's heard Brad bring up Sienna's name almost every day since the film went into production in August," the insider reveals.

In fact, his raving sparked a blazing argument, which ended with Ange telling Brad she didn't want him near Sienna... at all!

"Angelina is absolutely galled at the way he's been crowing about Sienna," adds the insider.

Her nerves are hardly surprising given the stunner's form when it comes to taking down taken men.

Not only did the actress enjoy a steamy affair with married actor Balthazar Getty in 2008, three years earlier Si had a torrid fling with *Layer Cake* co-star Daniel Craig while he was engaged to Satsuki Mitchell.

With a soft spot for her co-stars, Si also met long-time love Jude Law on the set of *Alfie* in 2003!

And it's not like Brad is at home polishing his halo either, having strayed on set himself with, ahem, Ange!

The couple bonded on the set of *Mr & Mrs Smith* in 2004, while Brad was with Jennifer Aniston.

Ange will be hoping that lightning doesn't strike twice! ■

Is Kate TWO-TIMING HER TOYBOYS?

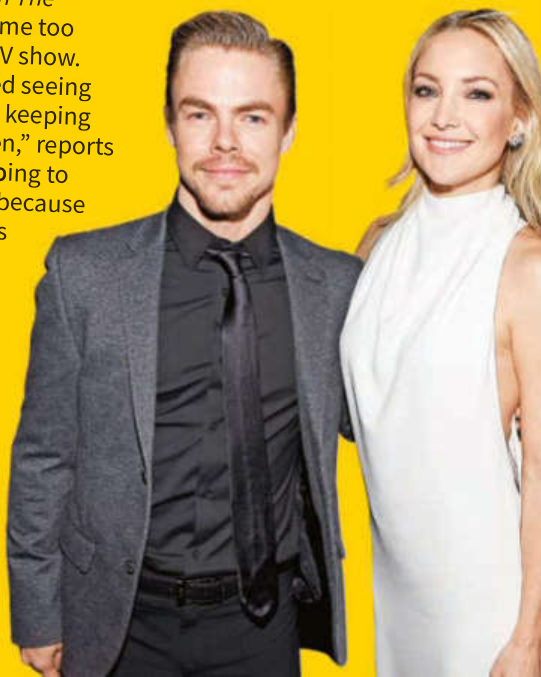

When it comes to toyboys, Kate Hudson clearly believes in the more the merrier – given the 36-year-old is hooking up with not one but two hot, younger Hollywood hunks!

Getting cosy with sixpack-wielding muso Nick Jonas, 23, was not enough for the mum-of-two, who's rekindled the fire with former flame Derek Hough.

According to *In Touch*, the two never actually ended their romance. The 30-year-old pro dancer, who's been setting the screen alight in the US with partner Bindi Irwin on *Dancing With The Stars*, just became too busy with the TV show.

"So she started seeing Nick – but she's keeping her options open," reports a source. "It's going to break his heart because she's not serious about him."

"She likes the spontaneity of it... She loves that she gets these younger guys, and right now she's into Nick because he's sexy, new and exciting."

Anne Hathaway

Is Anne signing up for a hot new role... as a mum?

That's all the talk in Tinseltown, with the Oscar-winner rocking a distinct belly during promo opps for her new film *The Intern* – including this appearance on *Late Night With Seth Meyers*.

Anne – who's been married to actor Adam Shulman, 34, since 2012 – says she's wanted to be a mother "since I was 16". Looks like the 31-year-old's finally getting her wish!

Lindsay Lohan

What with her stumbling out of a different club every other night, holding off on motherhood is probably a smart move for now. But what about that bump? Given the 29-year-old's penchant for partying, our money's on booze belly!

Celeb bump buzz BURGER

These stars have been making headlines, but have they really got a little somethin'-somethin' cooking in the oven? We sort the burgers from the bubs!

Kylie Jenner

She may have morphed into a Kim clone, but that doesn't mean the 18-year-old is ready to start a fam like her older sis!

"People been thinking I'm pregnant for 8 months now," the reality star joked on Twitter, instead saying, "I've gained like 15 pounds [7kg]."

Beyonce

After a series of reported IVF treatments, sources say 34-year-old Queen B and hubby Jay Z are gearing up to give their super-cute three-year-old tot Blue Ivy not just one, but two siblings! And it's no secret they've been desperate for a bigger family for yonks. The rapper, 45, has admitted he'd "absolutely, God willing" love more kids, while Bey, 34, says, "I would definitely like another."

ON STAGE

Katy Perry

She sent the rumour mill into overdrive when she posted an Instagram pic wearing a “Mom” necklace back in March. But seven months on, and amid lots of bump whispers, the 30-year-old shows not signs of giving beau John Mayer, 37, a Katy kitten just yet. Still, sprogs are on the cards, with Katy revealing they’re part of her “five-year plan”.

Lady Gaga

With a hunk of a fiancé like Taylor Kinney, 34, we’re amazed the 29-year-old hasn’t made a brood of little monsters already. While she’s nipper-free for now, the *American Horror Story: Hotel* star does have bubs on the brain. “I want to have tons of kids, actually. I think at least three,” she says.

Jennifer Aniston

Now that Jen is hitched to 44-year-old Justin Theroux – finally! – is she ready to welcome her first child? “It’s been a want,” she said of motherhood earlier this year. “We’re doing our best. It can’t come soon enough.” What’s more, we spied the actress, 46, out in New York last week covering her belly with several layers of baggy clothing. C’mon, Jen, it’s not that cold over there yet! Our verdict? Baby for sure!

Hunk o' spunk

IS KHALEESI'S HUNK O' SPUNK RETURNING?

Game Of Thrones hotties Emilia Clarke, 28, and Jason Momoa, 36, may have had us gushing over their cute Parisian dinner date recently, but we're seriously freaking out over their new on-set meet-up!

To the surprise of fans, Jason's character Khal Drogo was spotted in full costume as he filmed scenes alongside his

on-screen wife on the Spanish desert set of the hit series.

But with Emilia's character Daenerys murdering Drogo in season one, could this be nothing more than a flashback scene? Or are the hunk and his bulging biceps back for good?

First Jon Snow has been spotted back from the dead – now this! So. Many. Questions. Hurry up, season six!

She's said to be on the verge of finalising her divorce with hubby of four years Jamie Hince, but Kate Moss, 41, has already moved on!

We're told the supermodel has been getting chummy with photographer Nikolai von Bismarck, who also happens to be the son of her party pal Countess Debonnaire von Bismarck. What's more, he has an unusual fetish – drinking blood!

"For three weeks I drank cows blood for breakfast," he's said.

As well as Kate taking 28-year-old Nikolai to the launch of a new restaurant, the pair were spotted at a pub near the model's home.

"He's a real rock 'n' roll artist type and he's clicked with Kate," a source tells UK paper *The Sun*. "They're partying a lot together."

3 HOW DID BELLA GET LYME DISEASE?

While we've followed the painful journey of *Real Housewives Of Beverly Hills* star Yolanda Foster in her brave battle against Lyme disease, we were shocked to hear that two of her children have it as well!

Speaking at the inaugural Global Lyme Alliance Gala in New York, Yolanda, 51, revealed her youngest daughter Bella, 19, and son Anwar, 16, have been silently suffering from the debilitating bacterial infection (believed to be transmitted through tick bites) since being diagnosed in 2012.

"I will walk to the end of the earth to find a cure so that you can live a healthy life that you deserve," the star said as she accepted the Power of One award at the gala. "No child should suffer in the way that you do."

4 WILL HAYDEN BE OK?

Struggling to cope after the birth of her daughter Kaya, Hayden Panettiere has checked into rehab for postpartum depression.

The 26-year-old – who welcomed her and beau Wladimir Klitschko's first baby last December – is "voluntarily seeking professional help", says her rep. Hayden, whose character Juliette in *Nashville* is also battling post-baby depression, recently opened up on the subject. "When [you're told] about postpartum depression, you think it's, 'I feel negative feelings towards my child, I want to injure or hurt my child.' I've never, ever had those feelings," she revealed. Hayden will take medical leave from the hit show while she gets help. We wish Hayden the best!

5 IS SHIA HEADED FOR REHAB?

He's been veering off the rails for a while now, but those in Shia LaBeouf's inner circle are on red alert following his most recent arrest in Austin, Texas earlier this month.

While the 29-year-old actor was apprehended by cops for public intoxication after being caught jaywalking, paperwork reveals the actor then "became increasingly

confrontational, aggravated, profane and verbally aggressive".

Bizarrely, the actor then claimed he was a member of the National Guard, yelling at the officer, "Do whatever the f**k you gotta do!"

With insiders saying he has "this toxic addiction to danger", can jail – or rehab, again – save Shia? Only time will tell...

Ooh La La!

Emma's doing her very best to cheer up glum co-star Ryan.

IS RYAN BACK ON THE SINGLES MARKET?

Whispers have been doing the rounds for months that Ryan Gosling's love-life has hit stormy waters — and it hasn't escaped his on-screen love interest Emma Stone's attention!

Apparently, the 34-year-old actor has been so miserable on the set of their flick *La La Land* that Emma's made it her mission to put the smile back on his dial.

But the 26-year-old actress's boyfriend Andrew

Garfield might wanna watch out, because everyone knows that very few women are immune to Ryan's sex appeal!

Ry's reportedly insecure babymama Eva Mendes, 41, is on red alert too.

"He's so under the thumb," reveals our exclusive insider.

"Emma's been begging him to let her take him out to cheer him up, but he doesn't want to risk any problems with Eva."

7 LILY & BRIT - IS THIS REALLY A GOOD IDEA?

We hate to say it, but maybe! Britney Spears, 33, and Lily Allen, 30, aren't exactly known for taking it easy in the party stakes. Now, with the pair set to embark on a tour together, we're bracing ourselves for major carnage!

The messy mummies became friends after reportedly working on a song together and are planning to unite for shows. But pals are worried that after many years on the straight and narrow, Brit could be led astray big-time by Lil — who recently collapsed at Glasto after a heavy sesh!

"When Britney finishes in Vegas, she couldn't think of anything better than to follow it with a train-wreck tour with Lily," says our source. Uh-oh, sounds like trouble to us!

8 ARE ROBSTEN RETURNING FOR THE NEW TWILIGHT FLICK?

Prepare to shed all the tears, Twihards! There's a new *Twilight* TV show in production – but there's no sign of Robert Pattinson or Kristen Stewart.

The studio that produced the film franchise is set to announce the prequel series soon. And while it'll focus on the backstory of Edward, the lead role won't be reprised by 29-year-old Rob.

"They're looking for a younger actor to play Edward," reveals our exclusive insider. "It's a new generation, as far as [production company] Lionsgate's concerned, and the fact it's a prequel means the old cast is looking a little too vintage these days to carry it off." Rude!

Rob and K-Stew are "too vintage" for the TV series

10 WHAT'S NORI'S NEW OBSESSION?

Kim Kardashian and Kanye West's daughter North's vice isn't Barbie dolls or sweets — she's hooked on iPad apps! And expensive ones, at that.

It seems Kanye got a nasty surprise when his bill came, taking to Twitter to rant about his two-year-old's splurges.

"That makes no sense!!! We give the iPad to our child and every 5 minutes there's a new purchase!!!" the 38-year-old wrote. "If a game is made for a 2 year old, just allow them to have fun and give the parents a break for Christ sake."

We've gotta agree, but given Kim's own game is based on in-app purchases and is very popular with kids, it's kind of a little ironic, don't you think?

Anne tells the chef to avo 'nother go

9 IS ANNE'S EGG-O OUT OF CONTROL?

It seems Anne Hathaway has gathered a few more Hatha-haters – her chefs!

After ordering poached eggs and avocado on the Paramount studios lot in LA, Anne, 32, reportedly sent back her breakfast not once, not twice but four times because it wasn't right!

The first time, Anne claimed her eggs were too runny, then the English muffin was cold, and then the muffin was toasty and the egg was cold.

Finally, when the embattled kitchen served it to her liking, she'd decided she wanted fried eggs instead. We just hope the chef got a decent tip after!

The lady nicknamed Catwoman has taken her quest to resemble a lion to new levels! Recently, the billionaire heiress attended Jean-Yves Klein's Chimeras exhibit in New York looking more freakishly feline than ever. "She's certainly one of the worst facelift surgeries that I've seen," Sydney plastic surgeon Dr Laith Barnouti tells *NW*. The 75-year-old socialite is said to have spent more than \$5.5 million on surgery in a bid to resemble a lion and to please her now ex-husband Alec, who was obsessed with the big cats. Not only has she had her skin pigment darkened, she's had seven facelifts, collagen in her lips, cheeks and chin, and eye-reconstruction procedures. Wow!

Tori Spelling

Having suffered the repercussions of a bad boob job in her 20s, Tori's no stranger to a botched nip-tuck. But the 42-year-old actress clearly hasn't learnt her lesson because she was recently spotted leaving a Calabasas medical spa sporting a face that looked more like raw meat. Ouch! "She has a lot of facial eczema or redness [to her face], which seems to have resulted either from a facial peel or laser surgery," says Dr Barnouti.

Tara Reid

Poor old Tara is still carrying the scars from when her body was "completely butchered" by plastic surgery. "My stomach became the most ripply, bulgy thing," says the 39-year-old. "I had a hernia, this huge bump next to my belly button. As a result, I couldn't wear a bikini. I lost a lot of work." Yikes!

Big Ang

"I had a tummy tuck, liposuction, my lips injected and my breasts done three times," says *Mob Wives* star Angela "Big Ang" Raiola.

She even says she's down for having more work in the future – but, with those swollen suckers, the 55-year-old might want to consider a new doctor!

"She looks to be having fat or hyaluronic acid fillers in her lips," Dr Barnouti says. "It seems to be over-corrected or over-filled, giving her the appearance of duck lips."

NOW

Worst surgery disasters EVER!

Pete Burns

"I would never have cosmetic surgery again," insisted the '80s pop star after botched lip surgery in 2002 – which saw him successfully sue his former doctor for \$1 million – left him needing facial reconstruction.

Today, it seems he's changed his tune. Earlier this month, the 56-year-old muso stepped out in London nursing the aftermath of a nose job, with Dr Barnouti confirming, "He's definitely had rhinoplasty."

Let's hope this time it isn't a surgical stuff-up!

NOW!

NOW!

La Toya Jackson

If you smell a snout reshaping in the air, you're spot on!

Just when we thought the schnoz of Michael Jackson's big sister couldn't shrink any more, it looks like it has.

"She's heading towards having her brother's nose, where excessive cartilage has been removed," says Dr Barnouti.

"She has excessive amount of soft-tissue contracture, which leads to nasal deformity."

Perhaps it's time for the 59-year-old to turn what's left of her nose up at the scalpel!

NOW!

Renee's changing face

After unveiling her bizarrely frozen face last year, the 46-year-old was accused of a sprucing – which she denies.

"I'm living a different, happy, more fulfilling life, and I'm thrilled that perhaps it shows," she said at the time.

But this diary of Bridget Jones's ever-changing face begs to differ!

Janice Dickinson

"I'm addicted to cosmetic surgery!" the self-proclaimed world's first supermodel has said in the past. "I want to be the best-looking corpse there is."

After Janice endured shonky boob jobs – including one that was televised on the show *Botched* – liposuction, a tummy tuck, Botox, neck work and facelifts, her son Nathan, 28, begged her to stop.

"I won't do any more plastic surgery," the 60-year-old conceded. "If he's looking."

Judging by those duck lips, he hasn't been around all that much lately...

Heidi Montag

"I'm 'surgery girl', that sucks," cried *The Hills* alumna, 29, after undergoing 10 procedures in one day back in 2010. Her biggest regret? "Getting my chin reduced... my jaw hurts." After reducing her balloon-sized breast implants to a C-cup, she's "done with it all". Hurrah!

10 surgeries in 1 day!

Lara Flynn Boyle

Much has been made of Lara's larger-than-life lips, but what else has the 45-year-old had done?

Beverly Hills plastic surgeon Dr Paul S Nassif says the actress "appears to have had rhinoplasty, lip augmentation, Botox, facial fillers and possibly a browlift and facelift". Talk about going the whole hog!

Dr Nasif believes Lara should quit while she's ahead before she does even more damage. Let's just hope she follows doctor's orders!

Mickey Rourke

Who's this puffy gent and what's he done with Mickey?!

The 63-year-old actor's youthful good looks are a thing of the past following countless run-ins with a few hundred boxing gloves – and a scalpel!

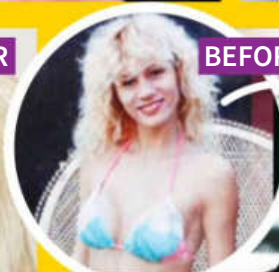

"Most of [the surgery] was to mend the mess of my face because of the boxing, but I went to the wrong guy to put it back together," he says of his reconstruction surgery. "I had my nose broken twice. I had five operations on my nose and one on a smashed cheekbone." Ouch!

"Her lips are overdone so it looks like someone older trying to be younger," says Beverly Hills plastic surgeon Dr Ashkan Ghavami. "But, it has the opposite effect on her."

He also believes the 29-year-old has had cheek fillers.

Lacey Wilder

Having appeared on *My Strange Addiction* due to her boob-job fetish, the 47-year-old is no stranger to the surgeon's knife.

In fact, she's had 12 boob surgeries, liposuction, nose and chin augmentations and a butt job!

"I want to have the most extreme body in the world," she's said.

Is Rita using

industry

Their
first public
outing on
October 2

Rita's tox roma

She's nailed the art of belting out a chart-topper, but Rita Ora's hit some serious bum notes in the love department.

In fact Rita's public break-ups with boyfriends, such as Rob Kardashian, have turned into some of the nastiest ever seen in the celebrity world!

But rather than learning from her mistakes, the 24-year old British beauty's jumped out of the frying pan and into the fire by hooking up with Blink-182 drummer Travis Barker. And he could be her biggest handful yet!

Despite Rita being joined at the hip with "awesome" Trav, 39, since meeting him at an all-star charity basketball game in LA

last month, the rocker comes with more baggage than LAX!

In fact, Travis is still shackled up with this ex-wife Shanna Moakler – even though their four-year marriage ended in 2008 – along with their kids Landon, 12, and Alabama, nine.

What's more, pals say the on-off couple still share a special bond.

"They're two very different people... [but] they're also soul mates who were destined to be together somehow," says Shanna's former sister-in-law Jacqueline Moakler.

But Shanna has a few words of warning for Rita. The former Miss USA – who was arrested alongside her ex after they threatened each other last December – claims Travis is emotionally unstable, is "a serious pill addict" and has a habit of infidelity. Yikes!

REMEMBER TRAVIS?

It's been a while since the Blink-182 muso hit the headlines, so let us refresh your memory!

HE PREDICTED HIS DEATH – AND THEN ESCAPED IT

As a teen, Travis was convinced he'd die in a plane crash. In September 2008, he faced his fear head-on when a private jet he was on crashed in South Carolina, killing four – including the two pilots. Travis and his mate DJ AM were the sole survivors. Sadly, DJ AM died from a drug overdose the following year.

HE HAD A GOTH WEDDING...

After popping the question to Shanna at Disneyland's Haunted Mansion, the pair tied the knot in 2004. They had an unconventional wedding ceremony based on Tim Burton's 1993 flick *The Nightmare Before Christmas*.

...WHICH LED TO ONE OF THE WEIRDEST BREAK-UPS IN HOLLYWOOD

After two years of marriage, Trav filed for divorce in 2006, with the split finalised in February 2008. But he and Shanna reunited after his plane crash that year. Convinced Shanna had slept with actor Gerard Butler, Travis soon bailed again – but not before Shanna accused him of cheating with Kim Kardashian, which is why Kimmy copped a drink to the face, courtesy of Shanna! Their relationship stayed complicated, with Trav fitting in a fling with Paris Hilton and also being linked to Rihanna. "It was a vicious cycle," admits Shanna.

"He constantly cheated on me," claims Shanna, 40. "Living with him [is] like being on a rollercoaster – he's a Jekyll-and-Hyde character. I wish Rita good luck – she'll need it."

Still, getting burnt by boys is something Rita's used to. Her relationships with Rob Kardashian and Calvin Harris famously ended with their dirty washing hung out for all to see.

But Travis might have met his match in Rita, who Shanna says is dating her ex for the publicity.

"Travis is cool. I think that's the attraction," Shanna explains.

"Rita's trying to make it in America and Travis knows everyone in the music industry. They're both people who crave publicity so it's a good match."

"I just hope Rita understands what she's getting into." ■

In 2012, reclusive reality star Rob, now 28, tweeted, "She cheated on me with nearly 20 dudes while we were together, I wonder how many she will sleep with now that we are apart? But I mean 20?!!!" How can a woman who is so busy trying to start her own career have time to be with so many dudes..."

A\$AP Rocky, 27, hinted at a secret fling after dissing her "big mouth" in his track *Better Things*: "I swear that bitch Rita Ora got a big mouth/Next time I see her might curse the bitch out/Kicked the bitch out once 'cause she bitched out/Spit my kids out, j**zed up all in her mouth and made the bitch bounce." The 5 Seconds Of Summer singer follows Selena on Twitter and almost DMed her before chickening out! But will the 19-year-old's nerves cost him Sel's heart?

Sel shamed the bullies who said her cancelled 2013 tour was due to addiction. "I wanted so badly to say, 'You guys have no idea. I'm in chemotherapy. You're assholes,'" she told *Billboard*. Sel was diagnosed with autoimmune disease lupus and had chemo to treat it. "I'm so f**king nice to everybody and everyone is so vile to me," she complained.

Selena struggled with stepping back into the spotlight – so much so, she started suffering crippling panic attacks. "I'd land at the airport and people would yell out, 'You're fat!' It was awful," she told *Us Weekly*. Sel's since sought help for it, adding, "I've been working in therapy."

Breaking her silence on their split, Selena confirms Justin was the one who dumped her. "I think people really wanted to see me fail," she told *Refinery29*. "Of course I got my heart broken. Of course I was pissed about it. There, everybody has it."

Penelope's down and out in Malibu...

When you realise your stack is captured on camera

"You'd better not turn this into a meme!"

"I've always got your back, P"

"But obvs not my face..."

"If anyone asks, it was the nanny's fault!"

Toddler down!

It's all fun and games until someone gets smacked in the face with a car door! Busy tending to her pull-along dinosaur bag, poor little **Penelope Disick** doesn't know what hit her as she walks too close to the family ride while heading to the park in Malibu with her mum **Kourtney Kardashian**. Ouch! But while teary P is visibly upset as her nanny goes to her aid, it's nothing a bit of fun on the swings can't fix! Phew!

Ah, celebs. The only things they value more than their publicists are their canine companions.

Amanda Seyfried, Hugh Jackman, Miranda Kerr and **Chrissy Teigen** are all suckers for their pooches, but **Hilary Duff** takes her puppy love to a whole new level as she frolicks in a New York park with her gorgeous Bernese mountain dog **Dubois** and pug baby **Beau**! For a Swiss breed, Dubois sure is into French kissing!

The *US Bachelor* star – who split from his fiancée Whitney Bischoff in May – looks to be putting on the moves by telling a few ripsnorters. The WEEK PICKS

Don't worry, Renee – we hear it tastes like straw!

'I can't stand your wining!'

'It's a bit on the nose'

Renee's liquid lunch

She's been out of the spotlight for some time, but **Renee Zellweger** couldn't be happier to be back in it. And that's not the wine talking – as she films a scene for *Bridget Jones's Baby* in London, her preggers character's sticking strictly to the OJ. Well, OK, maybe just a sniff...

STARS ON SET

Well this date isn't going well! Dirty street panda?

'I'm counting my change, honest'

Kristen bears all

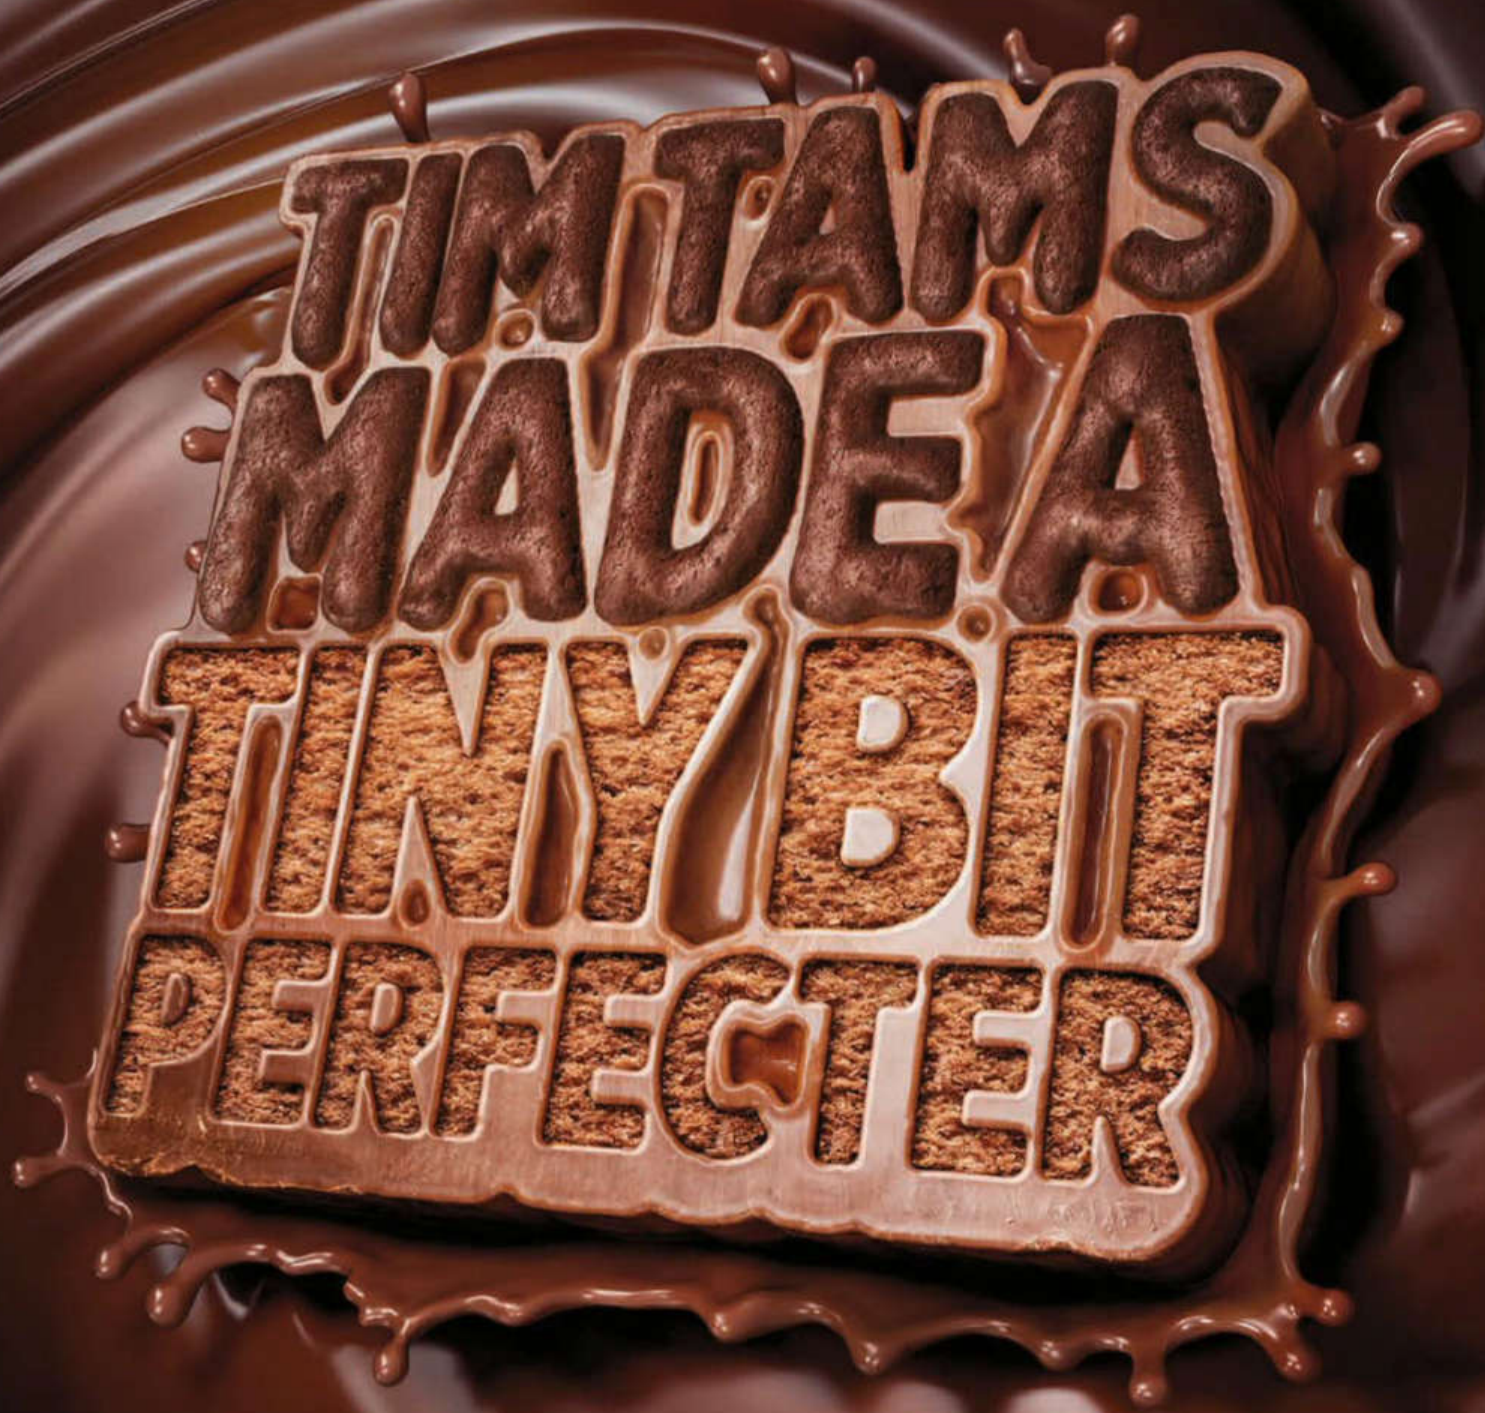

Most stars would chop off a limb for a lead role in a Woody Allen flick, but **Kristen Stewart** looks less than impressed to be on the set of the director's yet-to-be-named project in LA with **Jessie Eisenberg** and, er, a toy panda. Beige suits will have that effect on a gal...

It's raining Mentos

The old adage that blondes have more fun appears to be the case for **Zosia Mamet**! Joined by her beau **Evan Jonigkeit**, the *Girls* star is all smiles filming a cameo for Season Two of Tina Fey's quirky comedy *Unbreakable Kimmy Schmidt* in New York.

'Wanna get fresh with us!'

Evan and Zosia are in mint condition!

Bite-sized deliciousness, made chocolatey-er.

Hot or NOT

'The highs, the lows
and the so-sos'

NOT

Salma Hayek

Hats off to the Mexican beauty for always pushing the envelope on the red carpet – but sometimes that mail needs to be returned to sender. The floral camouflage and army green of Salma's Bottega Veneta maxi dress leaves her looking like a paratrooper tangled in her 'chut

HOT

Malin Akerman

Calling on her skills as an actress, Malin looks radiant in her Ted Baker pencil dress, despite battling with a case of food poisoning! The form-hugging frock speaks for itself – and Malin keeps it simple with a pink lip. Pretty perfect!

HOT

Jesinta Campbell

Bold florals are so hot right now, particularly when they're on this stunning Aussie model. Jesinta avoids the porcelain-statue look, thanks to a pop of red, slicked-back locks and that enormous rock courtesy of fiancé Buddy Franklin!

HOT

Jaime King

Jaime's a cut above when it comes to red-carpet reveals. Not only does she look like she hasn't missed a wink of sleep despite giving birth just three months ago, she also manages to pull off this risky Katie Ermilio frock. Bonus points for the fun multicoloured mani!

NOT

Bai Ling

Long before Miley Cyrus, Bai was doing her bit to keep sellers of nipple pasties in business. The reliably OTT 49-year-old doesn't leave much to the imagination in her sartorial tribute to the emergency services and makes herself a prime target for the fashion police!

HOT

Anna Kendrick

The actress often plays it a little too safe on the ruby rug. Here, though, she mixes up her usual conservative style with a playful and girly Paule Ka top-and-skirt combo that flatters her petite frame. And, of course, her locks look amazing as always!

Who wore it better? perfecter?

BROUGHT TO YOU BY
Tim Tam

Seeing green

It'd be pretty hard to score low in this scene-stealing Burberry Prorsum trench, which works a treat on Naomi Campbell (left) and Amal Clooney's slender frames. Still, Naomi's going a little too undercover, while Amal gets extra points for taking a more casual approach with the structured piece. We love what she's done with the belt!

44%

56%

Flower power

Let's face it, this frock's dazzling embellished blooms are the real winner here. Emilia Clarke (left) looks ladylike in her longer version, while Kate Bosworth's shorter hemline is summery perfection.

29%

71%

Pants parade

What a shame there can only be one winner – both Emily Ratajkowski (left) and Carly Cushnie look fab in their wide-legged jumpsuits. But Carly has an advantage – it's from her own label Cushnie et Ochs! Plus her heels are better matched to the strappy design.

Hot or NOT

HOT

~Sienna Miller~

Sienna's a heavenly vision in this Michael Kors number. The cut may be peasant, but the attitude screams royal. And how divine are the lace cuffs and skirting?

HOT

Rosie Huntington-Whiteley

Stella McCartney designed the asymmetrical accents that make this LBD, but it's the supermodel who takes it next-level with her understated glamour. From neckline to hemline, we love it!

NOT

~Lily Collins~

It may be Chanel, darling, but those OTT goth frills are giving us anything but thrills. We'd much prefer to see our favourite English rose styled delicately and daintily.

HOT

Olivia Wilde

We're just wild about Olivia's look. Her Rosie Assoulin cut-out gown strikes the perfect balance of sexy and sweet – just like her! And the petal bodice? Please let that be a thing this summer!

HOT

Lucy Hale

This lucky lady doesn't even have to try! Pairing a navy Jill Stuart keyhole mini with statement Nicholas Kirkwood heels is genius. Well, she *is* styled by Rachel Zoe...

HOT

Gabrielle Union

Those legs are made for showing off, so who what better outfit than this grey turtleneck dress and floral-print vest coat. The '90s teen star has graduated into one serious stylist!

NOT

Ashley Olsen

Yikes! Ash's printed silk kimono has swallowed her whole! As someone who owns a \$1 billion fashion empire, surely she could find something better to wear than a doona cover.

TOP TIP

Brush up your brows and add a lip balm or stain for a polished complexion

Skin is in

Switch up your full-coverage foundation for a more natural finish that lets your freckles shine through. Opt for a sheer to medium coverage and always warm up your face with a bronzer around your hairline, along your cheekbones and down the centre of your face.

Clash colours

This season it's all about breaking the beauty rules. Case in point? Blue eyeshadow ruling the runway – and the brighter the better! – paired with red lips. Just be sure not to add liner – the key is to keep the eyes clean to let the colour on your peepers and pout shine.

Big hair is best!

We were backstage for the '70s-inspired Diane von Furstenberg show, where the hair was next level. Even celebs with poker-straight locks like Kendall and Karlie had cascading curls, so anyone can do it! Orlando Pita for TRESemmé took three simple steps. Apply mousse from roots to ends before blow-drying in, curl with a large curling iron and pin each curl up to set. Once cool, let them out and brush. Add a hair accessory for sweet summer vibes.

Herve Leger @ NYFW

Bring crown braids back

Take your cues from Orlando's braid at the Hervé Léger show and French-braid locks for a fresh take on the traditional 'do. Spray dry shampoo into damp strands before blow-drying and sectioning the hair on the side. Start braiding from the crown, moving along the part in a thin plait. Once you reach the hairline, follow that across your forehead and down behind your ear, pulling wispy pieces of hair out as you go. Pull into a plait or pony at the nape of your neck.

This It-girl puts the IT in fitness

Rosie uses Instagram to record her training and keep herself motivated

Apps – we download them for dating, dining, relaxing and communicating – and they're even helping us get summer ready! Just ask ModelCo ambassador Rosie Huntington-Whiteley, who goes online to keep up the tempo with sick beats, record her progress on Instagram and

even source new workouts on the worldwide web!

"Everything's on YouTube now, too!" says the 28-year-old British beauty. "You can go on there and type in 'exercise for 10 minutes' and see what comes up."

And it's not just workouts you can order online, but diet advice, too – everything from trackers, to menus and nutrition tips.

"If I have a lingerie shoot or a red carpet event coming up, I might cut out carbs, watch my salt and sugar intake and drink even more water for a few days before," Rosie says of her diet – and it can all be monitored with the touch of a button.

Now you can get on board, too, thanks to our round-up of the latest fitness apps and gadgets...

APP-ELICIOUS!

We're obsessed with these digital darlings!

7 MINUTE WORKOUT CHALLENGE!

High-intensity interval training is proven to torch kilojoules in minimal time! This app will see you squatting and lunging your way to slimmer figure in just seven minutes a day.

ZOMBIES, RUN!

This app makes it sound like zombies are chasing you as you run around in the real world and collect supplies for your base. Boy, does surviving an apocalypse get you a bangin' bikini body!

ANYCLASS!

We're a little bit obsessed with this app. It gives you access to over 350 Sydney gyms so you can run into an exercise class wherever you are for only \$25 a week with no lock-in contract.

WINE AND DINE

Too embarrassed to post food pics on Instagram but secretly want to? This is the app for you! You can also perv on what the celebs are eating and get healthy meal inspo from models like Kendall Jenner and Gigi Hadid!

MYFITNESSPAL

This epic database of foods allows you to log your kilojoules, check ingredients and collect healthy recipes from around the world. It's like a diet journal in the palm of your hand.

WATCH IT!

We trial the hottest fitness trackers around!

Apple Watch

An Apple a day keeps the doctor away! As well as counting steps and measuring your heart rate, this bad boy lets you select exercise types, such as “yoga” or “indoor cycle”, so you can check your kilojoule burn in real time. And you can listen to music through it using wireless headphones. It can get annoying charging it every night and the fact that some features only work when your phone is nearby is tricky, but it’s worth it for the look and the way it syncs with your phone!

FROM \$499 APPLE.COM/AU

Fitbit Flex

This simple device doesn’t have a watch face, making it so discreet you’ll hardly know it’s there – other than when it flashes to celebrate your daily goals! Sure, you might not be able to adjust settings straight from your wrist, but the Fitbit not only tracks your steps and manages kilojoules, it monitors sleeping patterns, so you can see if you were restless during the night!

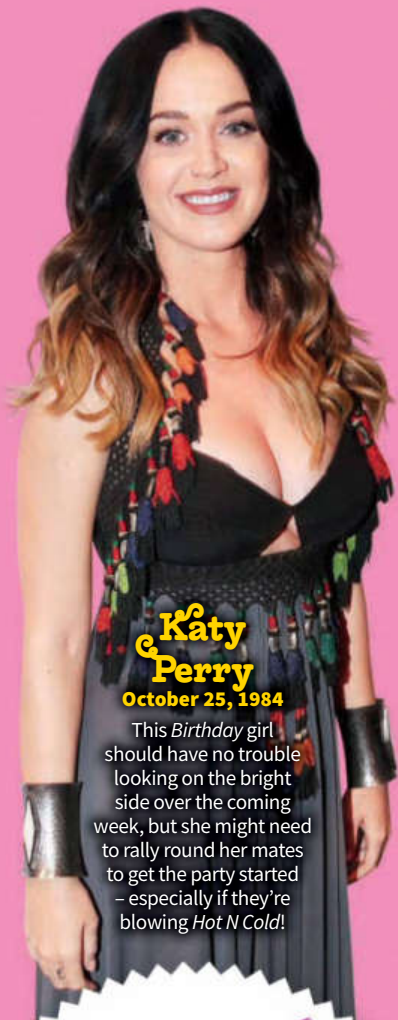

\$129.95 FITBIT.COM

Garmin Vivoactive

As well as all the usual stuff, this baby has GPS, so you don’t need your phone to track where you are! The battery life is fab, like a regular watch, and it’s got a face so you can easily check your progress. Of the three devices, this one looks most like a sports watch, so you may not be able to rock it to cocktails, but it also gives you some hardcore benefits!

YOUR Stars

The week ahead with **Adele Lang**

Libra SEPT 24 – OCT 23

Mars might make you a little light-headed as far as romance is concerned. That's all fine and dandy if you're unattached but Librans in long-term relationships should tread carefully. Acting upon feelings of "love" for a third person will not be your wisest move.

Scorpio OCT 24 – NOV 22

Just because Venus is helping you turn negatives into positives doesn't mean everyone around you can handle being so mentally robust. Spare a thought for friends and colleagues who can't transform their attitudes overnight. Your empathy will guarantee their loyal support.

Sagittarius NOV 23 – DEC 21

Your love planet Mercury signals that patience is required when dealing with a partner in the doldrums or a suitor on the back foot. Forcing issues won't result in any longed-for happy endings. Of course, if you secretly want out of a relationship, feel free to push the matter.

Capricorn DEC 22 – JAN 20

According to your chart, business and social networking events will work wonders for your career at the mo'. In other words, don't spend hours toiling at work to no avail. Get out into the real world and have a few meaningful chats with people who can help pull a few strings.

Aquarius JAN 21 – FEB 19

A parental figure could come into money soon. While you might not be a beneficiary of the windfall, that's no reason not to celebrate their good fortune. Astro-trends point towards heart-warming moments for those Water Bearers willing to overlook the fact they haven't received a cent!

Pisces FEB 20 – MAR 20

Given the Moon's return to your sign, you should be imbued with more hope than you have had in quite a long while. So, if you've long dreamed of a better job, a nicer home or a more loving partner, now is the time to ditch former low standards and aim sky-high!

Aries MAR 21 – APRIL 20

While lunar activity could provide several lucky breaks over the next seven days, try not to bite off more than you can chew. It might be tempting to take on several projects – or people – because you don't want to miss out on anything, but for the best results you need to be selective.

Taurus APRIL 21 – MAY 21

Venus puts your health in the spotlight this week. If you're feeling less than your best, it's time to take action. Minor aches and pains may go away with tweaks to your present diet and exercise regime. What? You don't have one? Bad Bull! Enlist help from professionals to get you started.

Gemini MAY 22 – JUNE 21

One of your nearest and dearest may be moving away from your neighbourhood. Although it will be upsetting initially, it doesn't have to mean the end of the world as you know it. Hopefully, you'll realise that over-reliance on a pal or ex has been closing you off to new opportunities.

Cancer JUNE 22 – JULY 23

This week, Saturn suggests you let sleeping dogs lie if you want to get the best out of a loved one. Flinging misdemeanors into his or her face will only end in tears. Yes, it is difficult to forgive and forget. But you won't make a relationship any easier by bringing up the past nonstop.

Leo JULY 24 – AUG 23

The Sun is set to impact on home and family life in coming days. This might take your mind off the job at work but that's really no bad thing. Lately, Leos have been working flat out and certain folk have been feeling sidelined. Use any domestic drama to focus on what's important.

Virgo AUG 24 – SEPT 23

A financial mistake not of your own making could be stressing you out at present. This stargazer strongly advises you to leave any outcome in the lap of the gods – or, at least, let the guilty parties sort their mess out. It wasn't your fault and it is definitely not worth losing sleep over!

The BIG NW turn on

Miller time

She's hurting on the inside, but she looks fabulous on the outside!

SIENNA

'It's been a sh*tty year!'

Her love life's in the dumps, but her career's on fire!

Sienna Miller is the first to admit that her private life has seen better days.

"It's actually been the shittiest year," spills the British star, who recently split from her actor fiancé and babydaddy Tom Sturridge, 29, after four years together.

And while things have been difficult – what with juggling work and looking after their three-year-old daughter Marlowe – her career is looking up.

What's more, her latest role *Burnt* reunites the 33-year-old with her *American Sniper* co-star Bradley Cooper, who – playing a top chef who must rebuild his career after it all goes tits-up thanks to his drug addiction and erratic behaviour – turns up the heat with Sienna's character Helene.

Sporting an undercut, tattoos and piercings for the drama flick, Sienna's loving landing more varied roles after being typecast as a sex kitten for so long, but she reckons the success comes at a price.

"It's always yin and yang. I feel like if you're excelling in one area, it's hard to manage both and I do feel like the work is going really well," she muses.

Chin up, Sienna – you'll be killing it in your love life before you know it!

***Burnt* in cinemas Thursday**

Sienna spices things up with Bradley in *Burnt*.

The Hot LIST

BRIDGE OF SPIES

We'll say this about **Tom Hanks** – he sure takes on some diverse roles! In Cold War thriller *Bridge of Spies*, director **Steven Spielberg**'s take on the 1960 U-2 incident, he plays a lawyer negotiating the release of a US spy shot down over the Soviet Union.

MTV EUROPE MUSIC AWARDS

An A-list squad, hit tunes and a body to die for just aren't enough for **Taylor Swift**! Nope, it seems she'll settle for nothing short of world domination, landing a record nine nominations for the 2015 MTV EMA's! **Justin Bieber** not far behind with six nominations, while **Miley Cyrus** is up for Best Female. Oh, and **Ruby Rose** and **Ed Sheeran** are hosting! **Airs live 9am October 26 on MTV**

RYAN ADAMS REINVENTS TAYLOR SWIFT'S 1989!

Taylor Swift may have plenty of adoring besties, but alt-country crooner **Ryan Adams** proves he's her biggest fan with his surprise cover of Tay's entire 1989 album. He says the project even helped him heal the heartbreak following his split from wife **Mandy Moore**. **1989 out now on digital**

2 minutes with...

JADA

We loved **Jada Pinkett Smith**'s feisty character Rome in *Magic Mike XXL*! So to celebrate its release on DVD, we caught up with Will's missus to talk sex and strippers – natch!

We're jelly you got to spend time with Channing, Joe and Matt. What was it like? I'll tell you a fan moment I had. I was done with my part for the day, but Joe's dancing was coming up... Let me tell you – the base camp was empty because we all rushed to get to see Joe's scene. We were up there like little screaming fans.

Had you ever been to a strip club before? [Not] to a male strip club.

Do you think they're a good thing? There's always going to be a level of adult entertainment. So my thinking is what we need to do is change our attitudes towards sex.

What was it like working with the guys? Did they ever stop posing? Yes... [there was] this incredible shift that happens when their beautiful fiancées and partners would come to the set.

Magic Mike XXL out Wed on DVD & Blu-ray

BRIDGET'S BACK!

Cigarettes, none. She's preggers!

Renee Zellweger's been spotted filming in London and we all know what that means – *Bridget Jones's Baby* is on its way! But before we self-combust with excitement – they've left us hanging for over a decade after all! – perhaps you should sit down, take a few deep breaths and find out what's in store...

WHO'S THE DADDY

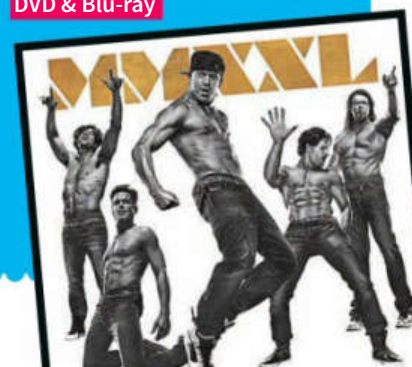

Far from walking around in ridic bunny outfits, **Renee Zellweger**'s been sporting a bump on set! And while the identity of the father is still top secret, we're praying it's not her cheating ex-boyfriend Daniel Cleaver.

EYE CANDY

With **Hugh Grant** opting out, **Patrick Dempsey** – aka McDreamy from *Grey's Anatomy* – has been confirmed as the new man for us all to salivate over. Hmm... Do we smell another love triangle?

DARCY SPLIT!

Despite being killed off in the books, Mark Darcy's alive, but the jury's still out as to whether or not he's still with Bridget after **Colin Firth** was spotted filming a cosy scene with another woman. Gah!

We love a man
in leather!

Um, yeah, whatever!

Let's be honest – we'd all love a piece of **Liam Hemsworth!** Those twinkly blue eyes, that chiselled sixpack...

But getting the star to embrace his sexy side is like pulling teeth. Case in point, Liam talking about getting his kit off with **Kate Winslet**, who plays fashionista Tilly in the new Aussie flick *The Dressmaker*.

"It was a nice, funny moment in the film where I took off my shirt," he says nonchalantly.

"The scene wasn't about being sexy or

Dressmaker*.

Liam
**'I'm no
sex sym**

anything like that. It was simply a way of bringing some gentle humour to the story."

No, Liam – wrong! That scene is all about us ogling your hot bod!

But at least he was happy to play up to his good looks in a recent appearance on *The Muppets*.

Looking deep into **Miss Piggy's** eyes, he tells her, "I've been gorgeous since birth."

We caught up with the hunk to find out all about his Muppet moment, reprising his role as Gale in *The Hunger Games: Mockingjay – Part 2* next month and getting in touch with his rugged side as Kate's love interest Teddy in 1950s-set *The Dressmaker*...

Liam, you're 25 and Kate has just turned 40 – did it feel a bit cougarish shooting those love scenes with her?

I worried that I might be too young for the role because in the story we're supposed to be similar in age. But I think Kate is very beautiful and looks younger than she is, while my character has a beard and I think I'm looking a bit older in the film. In the end I think it doesn't matter one bit. I don't think anyone will pay attention to that when they're watching the movie.

Was it nice to be able to act using your regular Aussie accent for once? Yeah, I really enjoyed that! I'm proud of my Australian heritage and it was a pleasure to be able speak in my own voice after spending

my entire film career pretty much speaking with an American accent. It was also good to be able to go back home and enjoy everything about returning to your culture and the life there.

Did you ask your family what life was like in the 1950s to help you prepare for the role?

In a lot of ways Teddy reminded me of my own dad and grandpa, because he had this very earthy and natural way of being. I invested the character with a lot of my grandpa's mannerisms and expressions!

Aw! And we see you finally admitted to Miss Piggy that you're hot... I had a great time

during filming and I can just tell you that she's

lovely! I'm more comfortable in my skin than I've ever been. For years I went down a path where I forgot to be in the moment.

Speaking of lovely ladies, you've always

got great chemistry with your *Hunger Games* co-star Jennifer Lawrence. What's going on there? She's one of my best friends – any chance she gets she'll give you shit behind your back or to your face! Getting to work with Jennifer and Josh Hutcherson on *The Hunger Games* has given me a sense of continuity. Those are the kinds of true friendships that keep you grounded and make it easier to adjust to a lot of things going on around you. I try to keep my life simple and work hard and enjoy every moment. It's not that hard!

BRANDI snaps!

Ask an honest
question, get an
honest answer from
NW's straight-shooting agony
aunt Brandi Glanville!

Hi Brandi,

I woke up the other night at 3am and noticed my hubby wasn't lying next to me. When I wandered into the loungeroom I found him watching porn naked! He didn't see me because his back was to me and I was so shocked I didn't confronted him about it. Now I wish I had, because I have no idea how to bring it up. He's so conservative when it comes to sex so I'm in total shock. I feel like he's cheated on me. What shall I do? Jess, via email

I'm sorry, but all men like porn – you should just be happy that he's not cheating on you. I feel like you should have just said something at the time, but if you really can't let it go, maybe just bring it up and make light of it, so it gives him the opportunity to talk about it. I think you could do with chilling out a bit. He did it while you were sleeping because he didn't want to hurt your feelings. My last boyfriend used to watch porn and, trust me, he was already getting enough! Maybe you should watch it together.

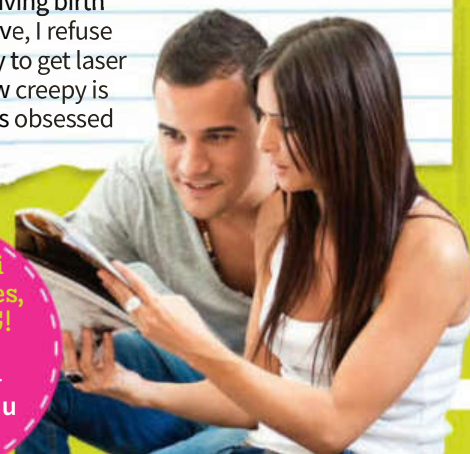

Hi Brandi,

My man is obsessed with Kim Kardashian and now that she's revealed she's bald down there, he's telling me I should get a full wax too! I have a bit of a bikini tidy-up now and then, but I've got a really low pain threshold so there's no way I'd be able to stand having a full Brazilian. Have you ever had any men demand things like this of you? Is it normal? Should I just take some painkillers and get it done? Cassie, via email

I would just be like, "Go f**k yourself!" but if he'd rather have nothing down there, he should take a razor and you should have a night of it and make it a sexual thing. Waxing's worse than giving birth – I wouldn't do it. I shave, I refuse to wax and I'm too lazy to get laser hair removal. Also, how creepy is it that your boyfriend is obsessed with Kim Kardashian?

SPENCER

When you're a lothario of Spencer Matthews's calibre, there's no option but to have an irresistible body! After admitting to feeling "lumpy", the 26-year-old decided to pour blood, sweat and tears into getting a buff bod, hitting up to No1 Boot Camp in Ibiza to up his pecs appeal. "They basically starve you and overwork you! But the fat does just drop off straight away," says the yoyo dieter, who dropped 5kg in a week.

Posh muscles or Essex brawn? The battle to be the hottest reality star is seriously heating up!

PROUDLOCK

Even formerly pin-thin Oliver Proudlock's caught the muscle bug and built himself a mighty fine new rig in just six weeks!

"I love my new physique, not only because I am stronger and leaner but because I have renewed focus and energy," says the geeky sexpot.

Count 'em!

Golly! Ollie's the happy owner of a brand new sixpack.

JP

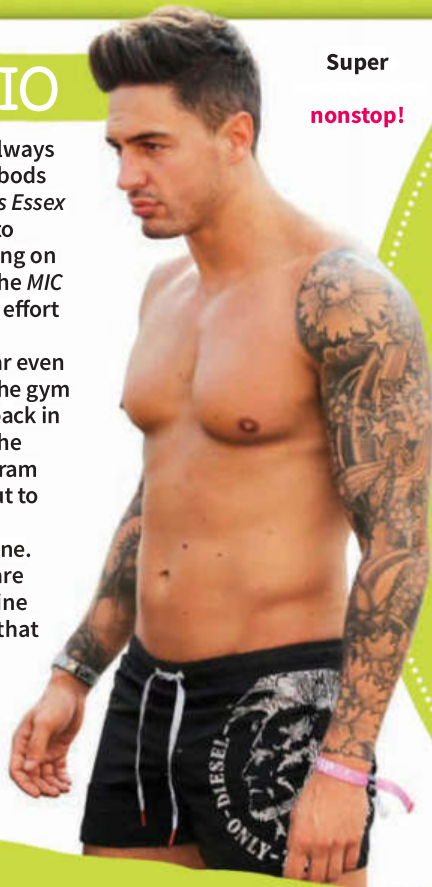

Fresh from breaking Binky Felstead's heart into a thousand pieces, Josh Patterson's rubbing salt into the wounds by rocking a seriously fit frame. After landing a shoot for Bjorn Borg underwear, the former rugby professional enlisted ex-gymnast and celebrity trainer Scott Ashley to whip him into shape – and he did it in just four weeks! What's more, JP insists he's not done yet! "I'm excited for more to come!" teases the 25-year-old. So are we – bring on the 10-pack!

Yep, we would!

MARIO

Mario Falcone has always had one of the best bods of all *The Only Way Is Essex* lads, but we've got to admit he's got nothing on the rippling rigs of the MIC men! In a desperate effort to up his game, the fitness-obsessed star even took himself off to the gym with a broken arm back in July! "No excuses," he captioned an Instagram shot of himself about to pump weights on a leg-training machine. And while we sure are going to miss that fine specimen, 27, now that he's confirmed he won't be returning to the show, that also means a major muscle loss for the Essex boys.

Super
nonstop!

PETE & LOCKIE

"In Essex, everyone wants the best body and the best hair," says James Lock, who's on a mission to prove his posse's still got it by keeping his rig reem with weights and boxing classes. "Everyone has got ridiculous bodies. The boys are all ripped up." You're telling us, mate! The body-confident star,

who stripped for *Gay Times* last year, has landed himself a new workout buddy in *TOWIE* addition Peter Wicks. With his long hair and tats, the hunky hipster, 26, may not exactly fit the Essex stereotype, but he does share the *TOWIE* boys' love of a shirtless snap – and that's all that matters to us!

ESSEX TOWIE JFF-OFF!

With their perma-tans and prominent pecs, the lads of *The Only Way Is Essex* have long held the phwoar crown. But they'd better watch out, because they've now got some serious competition from the once-wussy *Made In Chelsea* crew...

Caught shorts

Now, there's a wardrobe malfunction we'd pay to see!

ELLIOTT

He's left the show, which means another deduction for Team *TOWIE*, but it's no wonder Elliott Wright is as committed to crafting abs you could grate cheese on as his chiselled cousin Mark. After all, around the Essex 'hood, the only way is buff! And even though he's relocated to Marbella full-time to run a restaurant, he hasn't let his standards slip, flooding social media with snaps of workouts and healthy breakfasts.

was Alex
thinking?**

'Sasha will win!'

"Sam likes the idea of being with Richie and Michael and enjoys flirting around them, but Sasha is her man. She melts into his arms whenever she sees him. Richie is too stiff and too much of a shy gentleman. And with Michael, there's an attraction, but he doesn't make her laugh at all. Whenever she's with Sasha, it's like she's home and that's where she wants to be. Her language with him is a lot more intimate as well. When he told her he loved her, she was over the moon, which indicated to me that she feels the same way. And I personally think Sasha is the hottest! He's so handsome and he's all man!"

'Boring Alex shouldn't have sprung the sister on Sam'

"Alex springing his sister on Sam at the last minute was really bad form! It caught her off guard and she wasn't looking forward to it at all. You could tell she just wanted to have a nice evening with him and I think that was really disappointing for her. I'm not surprised she gave him the boot - that whole evening was so flat. He seems like a lovely person, but so boring. The way he talks, he's such a girl! And that little shy smile thing - it's really cringey!"

LOVES HIS FAMILY

"Sam would have been worried about making an impression on Michael's family because he's so successful, but she had a great time. His dad was a hoot and his mum was just beautiful, so he'd be feeling pretty good about his chances."

HE'S TOO SHY

"Sam had a nice time with Richie's family and friends, but I don't think it was much more than that. The distance is definitely a factor, because she's very close to her family, plus he's just too nervous and polite."

RUN, TOM, RUN!

Tom Hanks is giving us major déjà vu on the New York set of his new movie *Sully* – in which he plays US Airways pilot Chesley "Sully" Sullenberger, who famously landed an Airbus A320 on the Hudson River. The actor was spied shooting a running scene reminiscent of his iconic role in *Forrest Gump*. But the real kicker? He ran past Times Square's Bubba Gump Shrimp Co, the restaurant chain inspired by the 1994 film!

JESS & BENEDICT'S

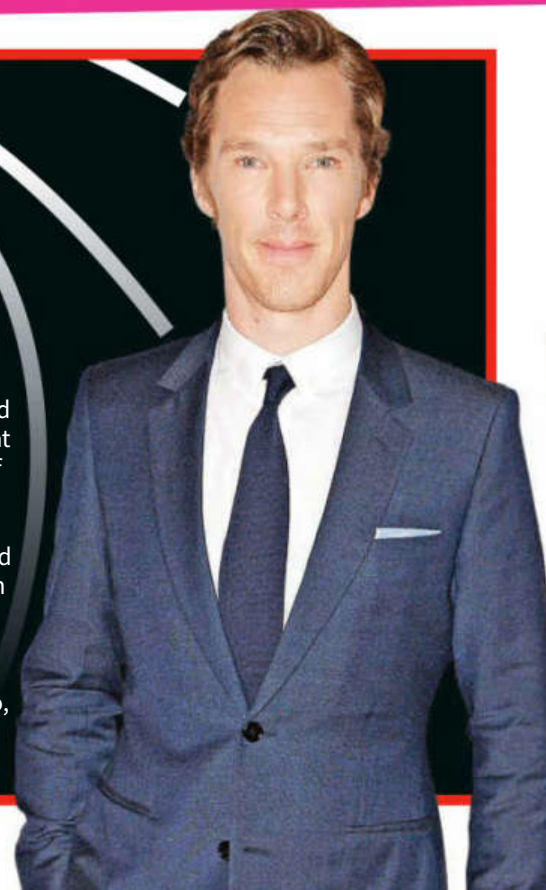

**BOND
AMBITION**

With Daniel Craig claiming, "I'd slash my wrists," if he had to do another James Bond film, rumours are swirling that he's getting the boot as 007 after repeatedly slagging off the franchise. But fear not, the perfect successor has already put up his hand – Benedict Cumberbatch!

At the London premiere of *Black Mass*, the actor, 39, said he thinks it'd be fun to pull on the tux, reasoning, "I can wear a suit and I can fight." Sounds like Bond to us!

But he's not the only celeb eyeing off a role – Jessica Chastain would love to play a Bond baddie, revealing, "People ask me if I want to be a Bond girl, and I say, 'No, I want to be the villain.'"

Well, we do love ourselves a bad girl!

Aww! Brooklyn Beckham only had eyes for Harry Styles as they joined Brook's dad David for a training sesh in the UK ahead of a charity soccer match. Donning his old Manchester United colours, Becks took to Instagram to share the sweet pic of his model son looking up to the One Direction singer. "Nice way to warm up before the big game at Old Trafford," Becks wrote. Bless!
